CoAEMSP: Letter Of Review

The Orange County EMT Paramedic program has been issued a Letter of Review by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP). This letter is NOT a CAAHEP accreditation status, it is a status signifying that a program seeking initial accreditation has demonstrated sufficient compliance with the accreditation Standards through the Letter of Review Self Study Report (LSSR) and other documentation. Letter of Review is recognized by the National Registry of Emergency Medical Technicians (NREMT) for eligibility to take the NREMT's Paramedic credentialing examination(s). However, it is NOT a guarantee of eventual accreditation.

Refund Policy

Orange County EMT has established a fair and equitable refund policy for the refund of tuition, fees, and other institutional charges in the event a course is cancelled, a student does not enter the course in which they enrolled, or does not complete the period of enrollment for which the student has been charged.

Procedure

1. Notify Administration of your intention to drop Course through email, writing, phone, or in person
2. Administration will confirm your request to drop has been received.
3. The date of confirmation will start the Refund period.
4. Refund amounts will be issued per the Criteria listed below
5. Refunds will be issued through PayPal or by check to the address listed at the time of enrollment
6. Refunds, when due, must be made without requiring a request from the student
7. Refunds, when due, shall be made within 45 days of the last day of attendance if (a) written notification of withdrawal has been provided to OCEMT by the student, or (b) from the date OCEMT terminates the student from the course, or (c) OCEMT determines withdrawal by the student.
8. Retention of tuition and fees collected in advance for a student who does not commence class shall not exceed \$100.

Refunds for Classes Canceled by Orange County EMT

If tuition and fees are collected in advance of the start date of a program and the institution cancels the class, 100% of the tuition and fees collected must be refunded. The refund shall be made within 45 days of the planned start date.

Mandatory Cancellation, Withdrawal, and Refund Policies

An institution that does not participate in the federal student financial aid programs shall do all of the following:

- (a) The institution shall advise each student that a notice of cancellation shall be in writing, and that a withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance.
- (b) Institutions shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later.
- (c) The bureau may adopt by regulation a different method of calculation for instruction delivered by other means, including, but not necessarily limited to, distance education.
- (d) The institution shall have a refund policy for the return of unearned institutional charges if the student cancels an enrollment agreement or withdraws during a period of attendance. The refund policy for students who have completed 60 percent or less of the period of attendance shall be a pro rata refund.
- (e) The institution shall pay or credit refunds within 45 days of a student's cancellation or withdrawal.

Refunds for Students Enrolled Prior to Visiting the Institution:

Students who have not visited the school facility prior to enrollment will have the opportunity to withdraw without penalty within three days following either attendance at a regularly scheduled orientation or following a tour of the facilities and inspection of the equipment.

Student Tuition Recovery Fund Disclosures

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

(b) In addition to the statement required under subdivision (a) of this section, a qualifying institution shall include the following statement in its school catalog:

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

Technical Standards

Orange County EMT's Paramedic Program is a comprehensive, intense program that places specific requirements and demands on the students enrolled in the program. The mission of the program is to provide students with the tools and structure needed to develop basic and advanced skills to provide medical care to individuals in a variety of settings. All policies and procedures found in the course catalog and syllabus must be met along with the expectations listed below. If a student is unable to meet the technical standards of the program with or without reasonable accommodation, the student will not be enrolled in the course, nor will they be able to complete it. Meeting the program's technical standards does not guarantee a student's eligibility for the NREMT or state certification exam.

Students enrolled in the Paramedic Program must demonstrate:

1. Students must demonstrate the following values at all times:
 - a) Integrity
 - b) Trust
 - c) Professionalism
2. The mental ability to think clearly and act decisively during emergency situations.
3. The ability to use proper body mechanics, motor control, sensory function, and have the coordination to perform physical examinations using accepted techniques. Students must have the hand and eye coordination needed to safely perform technical skills on patients.
4. Students must have ability to communicate effectively to all patients regardless of age, gender, or ethnicity, including colleagues and individuals from different cultural and social backgrounds. Students must be able to understand and speak the English language at a level consistent with competent professional practice.
5. Students must have the ability to document patient reports accurately, using proper English, and have the ability to calculate medication dosages using the appropriate math equations.
6. Students must have the ability to accept positive criticism and have a willingness to learn from their mistakes. Students must work as a team member and be committed to serving the community to the best of their ability.
7. Students must have the ability to be flexible and operate in dynamic environments, while always being a patient advocate, regardless of circumstances.
8. Students must have the physical strength to lift and carry patients any varying circumstances that includes up and down stairs.
9. Students will work in potentially dangerous environments and have the forethought to utilize proper Personal Protective Equipment and have the ability to expect the unexpected.
10. Students must display a command presence when working as a team leader, have the ability to maintain scene control, and have the knowledge and ability to order proper resources when needed.

Orange County EMT students are required to meet the technical standards of the program or be able to meet them with certain accommodations. If a student can meet the technical standards with accommodation, Orange County EMT will determine if the accommodation is appropriate. This is achieved by evaluating whether or not the request is reasonable, accounting for patient safety, the educational process of the student and institution, and whether or not it will be permitted during the clinical and filed internship.
